

# Wikipedia Login/ Create Account

Open Internet Explorer  
Go to en.wikipedia.org

Click on login/create account in the upper right hand corner

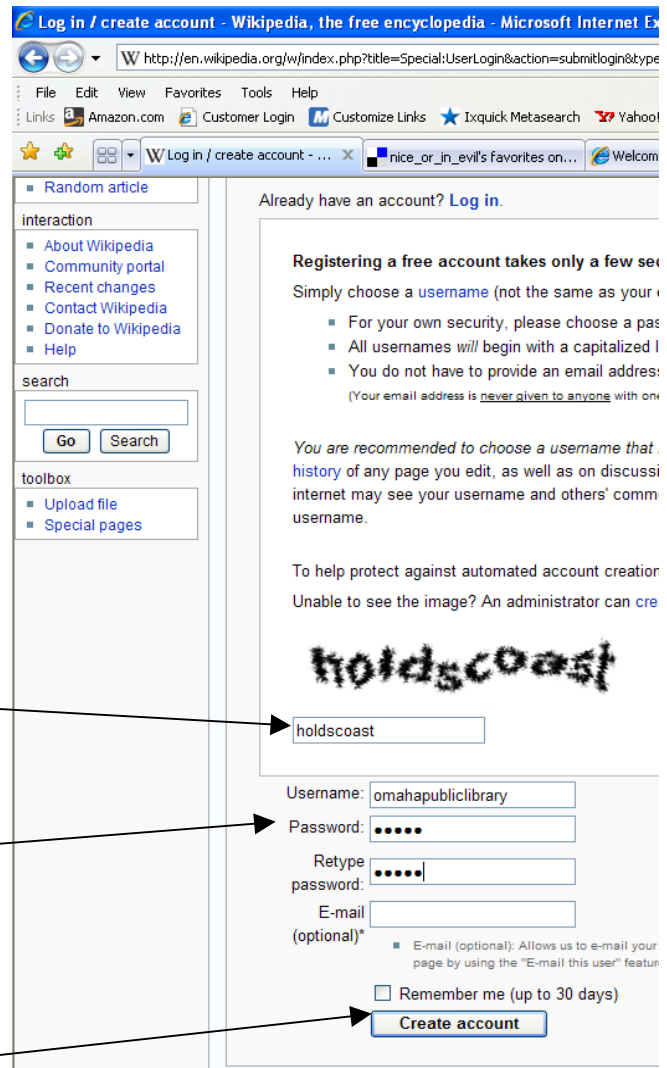

Click on Create on just above the username login

Type in the security word as it appears (don't worry wikipedia's security words aren't that hard to figure out)

Choose a username and type it in the box. Also choose a password and type it in. You can also choose to type in an email address

Click on Create account
